ALL ABOUT ELECTRIC MOTORS

360° Solutions for Motor Technology.

**NEW ENERGY
FOR YOUR BUSINESS**

THE RIGHT MOTOR FOR EACH APPLICATION

ASYNCHRONOUS THREE PHASE MOTORS

SERIES GM

Sizes: 160...450 -
Powers: 11 kW...900 kW
Poles: 2, 4, 6, 8 - Frame: Cast iron
Efficiency: IE2, IE3, IE4

SERIES JM - SERIES AX

Sizes: 56...160
Powers: 0,13 kW...22 kW
Poles: 2, 4, 6, 8 • Frame: Aluminium
Efficiency: IE2, IE3, IE4

ASYNCHRONOUS THREE PHASE BRAKE MOTORS

SERIES GMK

Sizes: 180...280 • Powers: 11 kW...110 kW
Braking torque: 115 Nm...1500 Nm
Poles: 2, 4, 6, 8 • Frame: Cast iron
Alternating current brake: A.C. - Direct current brake: D.C

SERIES JMK - SERIES AZ

Sizes: 63...160 • Powers: 0,12 kW...18,5 kW
Braking torque: 2 Nm...200 Nm
Poles: 2, 4, 6, 8 • Frame: Aluminium
Alternating current brake: A.C. - Direct current brake: D.C.

ASYNCHRONOUS SINGLE PHASE MOTORS

SERIES JMM - SERIES AXM

Sizes: 56...112 • Powers: 0,09 kW...4 kW
Poles: 2, 4, 6 • Frame: Aluminium

ASYNCHRONOUS THREE PHASE MOTORS

MEDIUM VOLTAGE

SERIES HV-Y2

Sizes: 355...560
Powers: 160 kW...1600 kW
Poles: 2, 4, 6, 8
Frame: Cast iron
Voltage: 6 kV, 10 kV

HIGH VOLTAGE

SERIES HV-Y, HV-YKK,

HV-YKS, HV-YR, HV-YRKS
Sizes: 355...1000
Powers: 185 kW...10000 kW
Poles: 2, 4, 6, 8, 10, 12
Voltage: 6 kV, 10 kV

THE RIGHT MOTOR FOR EACH APPLICATION

HYGIENIC MOTORS – IP69K SERIE MAAT

Hygienic Washdown, EASY CLEAN – IP69K Stainless steel 316L OR Aluminum NTT

0,12..1,5kW – 4 poles
Stainless steel 316L 316L or Aluminum NTT
IEC 63..90 B5 B14, NEMA 56C
DUTY S1
IC410 - IP69K
High Cleaning Washdown

SPECIAL EXECUTIONS

AT **OUR WORKSHOP WE ELABORATE MOTORS** IN COMPLIANCE WITH **CUSTOMERS REQUEST** :

- ✓ Forced ventilation
- ✓ Encoder
- ✓ Atex
- ✓ Roller bearings/insulated bearings
- ✓ Anti-condensation heater
- ✓ IP 23/54/55/56/65/66/68
- ✓ Additional impregnation, Dedicated windings, Tropicalization
- ✓ Varnishing cycle C2H-C3H-C4H-C5H
- ✓ Under accuracy rating Tolerance
- ✓ Shaft and double Shaft
- ✓ Resinated Stator complement, etc ...

THREE PHASE PERMANENT MAGNET MOTORS

Combining Simplicity
and High Technology

IE4 BRUSHLESS MOTORS

Super Premium Efficiency
THE ITALIAN MADE SOLUTION

OUR MISSION

We provide unique **time-saving** and **investment-effective** solutions for a variety of different Industries, by creating **technologically advanced** and **highly efficient** Electric Motors.

OUR APPROACH

We are **specialized and focused** exclusively on Electric Motors and all the equipment needed for them.

We want to offer the best possible experience to all our customers, so we direct most of our efforts to minimizing Lead Time and maximizing Customization options.

BENEFITS

Extremely
Customizable

Extremely
Focused & Skilled
